

# COLOR MY WORLD - PANPASTELS

Edna M Kunkel

**Saturday, May 26 9 am to noon**

This workshop explores the application of powder-based PanPastels on black-and-white photographs to enable creative use of color without any drawing or painting experience. If you can apply eye shadow or have ever used a coloring book, this workshop will bring back a more colorful you. Or, if you're a traditional pastel artist and want to try this medium to shake out the cobwebs, you'll enjoy this very different approach. Instructor will provide all materials (80-color PanPastel palette, Sofft applicator tools, black-and-white photos, fixatives).

This class is for enjoyment: bring your enthusiasm, and I'll bring the supplies! If, however, you have an image that you'd like to color in the class, send it to me in an email by end of day on Thursday, May 24, and I'll do some image editing magic to prepare it for you to paint on the day of class. Alternately, you can print out your own image in grayscale on a sheet of standard printer paper or white cardstock for use.

## Instructor supply list

The instructor will provide the following:

- Variety of papers, 3-5 sheets per student (5x7, 8x10, 6x6 or 8x8 inches, mix-and-match)
- The standard set of 80 Pan-Pastels
- Sofft applicator tools
- Soft pastel sticks (from soft to hard) and pastel pencils
- Colored pencils, charcoal, and other drawing supplies
- Blending mediums including Odorless Turpenoid and rubbing alcohol
- Blending tools, including stumps, tortillions, Q-tips, makeup sponges paintbrushes, silicone shapers, blender pencils/pastels
- Erasers (plastic, vinyl, kneaded)
- Craft/X-acto knife to sharpen or excise fine lines
- Images
- And more!

## Student supply list - Optional

PanPastels blend differently than traditional stick pastels, which means that you can essentially mix all the colors that you need with just white, black, red, yellow, and blue (included in the Painting set of 5).

Shop for PanPastel brand and Sofft tools at:
