### **Intermediate to Advanced Pastel:Advanced Color Theory**

Sunday, March 25, 2018 10:00-4:00

Whispering Woodlands

This workshop is geared toward those who have already taken numerous introductory pastel workshops, are fairly accomplished and comfortable with the medium, and have competent drawing skills. We will be exploring a deeper understanding of color theory, specific to soft pastels, and how it relates to the overall design and content of your work. Specific papers and a selection of both hard and soft pastels are required; see recommended brands. I usually have some sticks of Rembrandts and Nupastels on hand for sale. Feel free to email me or give me a call if you have any questions. I look forward to spending a lovely, creative day with you at Whispering Woodlands!

\_\_\_ Odorless turpentine and a cheap ½" to 1" paint brush. I use Weber Turpenoid—do not buy "Natural Turpenoid" as it isn't compatible with soft pastels OR if you use another underpainting solvent and want to bring that instead (as long as it is compatible with your paper choice).

\_\_\_ Additional pastels of different densities, pastel pencils, etc.
